

Sheffield & District Junior Sunday League

Positive Voice 2015

A suggestion from a Club who participated in the One Voice Weekend which was part of Respectober in 2014 was that the weekend be held again but under a slightly different format – POSITIVE VOICE.

The League think this is a great suggestion and we hope you will join us in our POSITIVE VOICE EXPERIENCE on Saturday 24th and Sunday 25th October 2015.

Below are answers to some of the questions you may have.

We would encourage that this be as much a fun and social occasion as possible.

Only positive comments should be heard from Players, coaches and spectators. Clapping would also be seen as being Positive and would be encouraged.

What if we play a team that is not taking part in Positive Voice?

Some teams may have declined to sign up for Positive Voice. However, there is nothing to prevent you circulating leaflets among parents and coaches and inviting support.

How will you know what people thought of the experience?

We will issue survey forms for children, referees, coaches, and parents to complete. We will collate the feedback which should provide vital information for future initiatives.

Is this for one weekend only?

Initially it is for one weekend only but dependent on the feedback it is likely that more weekends can be arranged during the season.

What if we don't have a game scheduled?

Explore the potential for arranging a friendly or perhaps host the Positive Weekend on a future date with the agreement of your opponents.

Is this a national event?

No. This is a League initiative based on the One Voice Weekend which was held by the League in 2014
